## Introducing Astronomy Guide Universe Earth

*ulysses and the stars - accademia nazionale dei lincei - 5 in the theaetetus, but goes well beyond his predecessor, introducing a new and extraordinary element, for he draws a parallel between the investigator of natural phenomena and the philosopher on the one hand and the lover of myths - namely, **the demon-haunted world - metaphysicspirit** - the demon-haunted world carl sagan is the david duncan professor of astronomy and space sciences and director of the laboratory for planetary studies at cornell university; distinguished*
