israeliskan keren cytter. - ja, jag vet inte så mycket om henne, svarar jag, men hon har snart vernissage på  
moderna museet i min hemstad. häftigt! det är framförallt genom sina filmer som cytter rönt upp -  
märksamhet även om hon också publicerat böcker och regisse - rat dansföreställningar. läs utdrag ur hennes  
senaste bok och **dreamtalk - konstfack.diva-portal** - År 2010 visade moderna museet videoverk av den  
israeliska konstnären keren cytter, en utställning som kom att vidga min syn på vad det kan innebära att  
arbeta med rörlig bild. cytter är en produktiv konstnär som arbetar med olika medier men det är framför allt  
hennes filmer som har uppmärksammats.
